INTRODUCTION

MT. KAILASH

A sublime treasure isolated in a remote corner of western Tibet, in the holiest of places on earth, a majestic pyramid of rock and snow are the Mount Kailash. For thousands of years, Mount Kailash has been a place to seek divinity, purity and absolve oneself from their sins. Sacred to Hindus, Buddhists, Bonpo and Jains, it is known as the “Navel of the Earth”, where the divine takes an earthly form. Pilgrims travel here from all over the world to pay reverence to its mystery, completing its Parikrama (Kora) following an ancient ritual of devotion. Trekking through the most surreal canyons and taking a holy dip in the lake Mansarovar, pilgrims experience spiritual revelation as they reach the lofty pass of Dolma la, the physical and emotional high point of the journey.

HISTORY

Ancient texts depict Mt. Kailash as the center of the world. Within 30 miles radius of this snow-clad rock pyramid are the sources of rivers Indus, Sutlej, Brahmaputra and Karnali. Jains call Kailash as Mount Asthapad. *Rishabhadeva*, the founder of Jainism is known to have attained liberation from rebirth at Mount Kailash.

To do Yatra on foot carry a portable oxygen cylinder., good track suit and shoes and windcheater. if you have health issue come back from Yam dawar. You have an excellent view of Mount Kailash. Horses are in shortage so book at Burang. Also not 5 km steep down you have to do it without horse. If you have made up your mind and have faith nothing can stop you. Cheers
